Accused Begged Not To Be Hit

Alleged Statement To Police Is Heard At Preliminary

Leo Francis Burke begged his brother-in-law not to hit him just on trial for the fatal stabbing of James W. "Frod" Holmes following an argument between the two men on May 10 last.

Highlighting Crown evidence at the preliminary murder hearing of Burke today in court today was a statement allegedly given by Burke following his arrest in which he accused said.

"(Holmes) came upstairs, I asked him not to hit me. I had just come out of the hospital with my leg in a cast," Burke said.

"I took out my penknife and held it in front of me. We grappled."

"I said, 'If God's sake let us stop fighting. For God's sake get a doctor.' I will hang for this."

Burke's statement was read at the hearing today by Magistrate A. J. Miller, C.J., at the conclusion of the preliminary hearing.

No witnesses were called by the defense. Counsel Neil D. Maclean, K.C., later said Burke would go on trial for the life of James W. "Frod" Holmes at the Edmonton sittings of supreme court scheduled June 20.

Mr. Maclean permitted the statement to go before the court, for the purpose of the preliminary hearing only, without protest.

PICK-PROOF POCKET IS PATENTED

LONDON, May 19.—(CP)—London tailor H. Tuber has patented a new pocket which will go to work on him. He wants to test his new "pick-proof" pocket.

Already patented, his invention consists of a series of gadgets in the pocket which either catch an intruder's hand or prevent it from touching the contents.

He worked out the new pocket after his wallet was "lifted" at a dog track.

Morrow-Tait Resumes Trip

Mr. Richard Morrow-Tait, round-the-world British housewife who already has taken 10 months to fly two-thirds the globe, left Edmonton today for Culbass, Montana, on another leg of her lengthy journey.

Accompanied by her husband, navigator Jack Ellis, the lined aviatix hopes to return to her starting point in Kootenai by August 1, she said.

Exactly a year after she left on her first trip, Morrow-Tait expects to fly from Montana to Dakota, Chicago and Buffalo, in the United States, before continuing to Montreal. The "delays," through the U.S. are forced because of Canadian Department of Transport officials' refusal to give her permission to fly her American-licensed, war-surplus Avian trainer aircraft.

2nd AIRCRAFT USED.

The NT-13 is the second plane used by Morrow-Tait on her flight. The first, a biplane, she started out from Kootenai, a Percival "Percival" was smashed up during a crash-landing at Tok, Alaska, last fall. She obtained the American trainer in Seattle three months ago.

Ford Strikers Seek Unity

DETROIT, May 19.—(UP)—A "unity meeting" of the 12,000 idle Ford employees in the Detroit area was called for tonight as negotiators attempted again today to end the 14-day-old strike against the motor company.

United Automobile Workers (UAW) president Walter Reuther said he would negotiate today after having spent three days in Washington at a CIO conference.

The strike has idled more than 100,000 Ford cars across the nation, halting production on the Ford, Mercury and Lincoln lines. It was called by the UAW to protest the company's plan to cut wages.

Contests Assured In Civic Election

Citizens Committee Group
Holds Organizational Meet

Present plans of Citizens' Committee are to nominate mayoralty and complete slate of candidates to contest aldermanic and public school board vacancies in the November municipal election.

The committee, at a meeting yesterday in the Masonic Temple, re-organized for the 1948 campaign. Charles E. Garnett was re-elected chairman, with Carl E. Berg named vice chairman. Other officers elected were James Duncan, treasurer, and Duncan Innes, secretary.

Membership in the organization will be on the definite basis of fees and issuance of membership cards. It was decided at the meeting.

ALL ELIGIBLE
All citizens will be eligible to join the organization, with membership closing three days before the annual nomination meeting.

At this nominating meeting the committee of the organization will present a slate of candidates. Further nominations will be taken from the floor of the meeting.

Only accredited members of the organization will be permitted to vote at this meeting.

This measure is taken to prevent possible violation of any group not associated with the committee or its work taking over the nomination meeting and forcing nomination and possible endorsement of its own candidate.

CHAIRMAN ELECTED
Chairman of committees elected were: Jack Wehr, C. Gough, J. L. McIntyre, William Connelly, membership, and Mr. D. J. Douglas, campaign chairman.

Nominating committee will be appointed by the chairman of the organization.

Others named to the executive committee are: Mrs. E. Coughlin, Frank Lee, Frank Cowles, Roy Elbertson, J. L. Clark, Jr., E. G. Elbertson, J. D. Walbridge, C. Hayward, Francis Winapier, George Condie, W. K. Shortridge, Frank Healey, Robert Chapman, William Howland, J. E. Peterson, Harold Menick, L. S. Bell, George Hallett, J. A. Young and Percy Page.

Road Contracts Are Awarded
Further advance in Alberta's road improvement was indicated today with the announcement by the department of public works that two new road contracts have been awarded Alberta firms.

The contract, valued at \$283,312, is for hard-surface road, No. 3 highway, west of Medicine Hat for 25 miles, was awarded to the Standard Gravel and Surfacing Company Limited of Calgary.

The second time within recent months a civil measure controlling gasoline sales has been attacked.

Last winter, the then by-law governing gasoline sales was declared invalid by Magistrate Simpson because it was discriminatory in its application.

The measure was originally enacted under provisions of the provincial Early Closing Act.

Later, a new by-law regulating sales of gasoline was passed, permitting city council to allow certain garages to stay open for sale of gasoline.

The power to do so was conferred in an amendment to the charter passed by the legislature.

East Enders Will Nominate Ashby
Nomination of P. H. ("Pat") Ashby as independent candidate in Edmonton East was decided at a meeting of his supporters in Cromdale Hall last night.

Mr. Ashby represents the Social Credit Party in the House of Commons at present.

The nomination will formally take place on Monday night at a meeting in Oddfellows' Hall.

Over 600 Immigrants Arrive Here

Alberta's rural areas are drawing British immigrants, with 90 per cent of the new citizens taking up residence at country points.

provincial immigration authorities said today.

Last year the majority of immigrants settled in provincial cities. Encouragement to settle in small towns and villages and on farms being given the immigrants by departing officials because of the acute lack of housing in urban centres.

Immigrants are arriving in Alberta at the rate of about 300 a month. More than 600 have come to the province this year.

Liquor Act Nets Fines
Supplying liquor to minors brought a total of \$40 in fines in police court today for Fred Lutz, 1844 104th street.

A constable testified that two girls were found in a truck with Lutz and another male companion. When apprehended they attempted to throw out a case containing two bottles of beer.

A statement made by one girl stated that both had received beer from the two men.

Charges against the second man were dropped when he pleaded not guilty stating the beer belonged to Lutz.

Lutz was fined \$20 and costs for possession of liquor in a public place and a similar fine for supplying liquor to a minor.

He was also fined \$3 for failing to have a taillight on his truck.

Early Morning Chase Ends in Police Court

Culmination of an early morning chase and arrest of two Calgary men came here yesterday when Marvin Connor and Richard Rogers were committed to Supreme Court for trial on a charge of illegal possession of drugs.

The pair were arrested May 7, on Calgary Trail just south of the city limits by Cpl. Herb Silver and Constable Edwin Haselstien of the RCMP.

Capture was effected only after a five-mile chase at a high speed. Later, at RCMP headquarters, a rubber container filled with white powder substance.

This was later identified by James Kelso, provincial analyst as 20 grains of cocaine hydrochloride.

Also found were several pieces of tin foil which Cpl. Silver said were used in the drug traffic. When arrested, suspects offered the tin foil-wrapped drug without harm, he said.

Rogers was fined \$10 for speeding. Defence was handled by Speed Beaumont and prosecution by F. A. Moir. Preliminary hearing was conducted by Magistrate Simpson.

Land Sales Still Booming
Land sales to date this month by the city land department total \$80,000 compared with \$40,000 for the entire month last year.

Alberta Humane Society yesterday purchased three lots on the east side of 67 Street, south of 122 Avenue, at the site of an animal shelter and accommodation for an inspector.

Schlumberger Well Surveyors Corporation purchased four lots on the west side of 104 Street south of 96 Avenue at the site of a \$200,000 garage and workshops. Purchase price of the property was \$2,125.

Living on the Moon Would Be Very Queer

Dear Tawasi:

Have you ever wondered what it would be like to live on the moon? Maybe you think that it would be much more fun than living on earth.

Just like the earth, the moon is a round ball, only it is much smaller than the earth. All there is on the moon are high mountains and big holes that we call craters. There aren't any flowers on the moon, or trees, insects or animals. And there aren't any people there either.

There are no lakes, rivers, wind or clouds, rain or snow. There just isn't anything on the moon but rock. People can't live on the moon because there is no air for them to breathe but even if they could breathe I don't think they would want to live on the moon. Do you?

COULDN'T HEAR

Even if you could live on the moon you wouldn't be able to hear the music you would like to hear. You could yell at your own mind you would hear but there is no air to carry the sound.

The only way you could tell your friends what you were thinking would be to write it out on a piece of paper. Wouldn't that be a lot of trouble?

Living on the moon you would weigh only eight or ten pounds. You would be able to jump along as fast as you could ride your bicycle here. If you fell down on the moon you wouldn't mind it because you would fall very slowly.

YOU FALL EASILY

The reason for all these strange things is that the moon has gravity, but it is less than on the earth. The moon doesn't pull things to it so much because the earth is smaller than the moon.

For two weeks without stopping the sun shines on part of the moon and heats the rocks so hot it would be impossible to walk on them. Then come two weeks when the sun sets and the moon becomes

BURGESS BEDTIME STORIES

The trouble with most of us often you'll find. It is a lot easier to think when it is too late, what we should or should not have done than it is to think ahead. Just like the case of Reddy Fox. When he discovered that Mrs. Gobbler had been fooling him, and that she led him deep into the Green Meadows, only to fly away to safety, just as he was sure he was to catch her. He was so angry that he had no room for anything but anger in his mind. He was so angry that he didn't care if he started off home as disgraced as any Fox ever was.

But as he trotted along he had time to think. It suddenly popped into his head that it was queer that Mrs. Gobbler had been in the first place when he found her on the Green Meadows. Why had she pretended to have something the matter with one of her wings? Why indeed? Why had she run along just barely out of his reach so far into the Green Meadows, only to spread her big wings and fly away at last?

HE IS SUSPICIOUS

Reddy stopped abruptly at these thoughts came into his head. He stopped and stared back in the direction in which Mrs. Gobbler had disappeared, and he drew his own back in an ugly snarl that showed all his teeth and was not at all pleasant to see.

"Reddy Fox," said he under his breath, "you are as stupid as a young pig just starting out in the Great World. Mrs. Gobbler has got a family as sure as you live, and that family was right out there on the Green Meadows all the time. She was pretending just to get you away from there. If she had been alone she never would have made a move as easy as that. Why didn't you do a little thinking sooner? If you had you might have had a feast of tender young gobblers, just as well as you. Perhaps you won't be so late even now."

Reddy turned in the direction of the place on the Green Meadows where she had disappeared, and he had just seen Mrs. Gobbler. He was so surprised that he had just seen Mrs. Gobbler that he didn't know what to do. He was so surprised that he didn't know what to do. He was so surprised that he didn't know what to do.

CCF Pledged To Nationalize CPR

Coldwell Says Party Would Also Make Coal Mines Public

By Canadian Press Staff Writer.

M. J. Coldwell, CCF leader, made it clear last night that a CCF government elected to power in Canada's June 27 general election would be ready to put both the country's coal mines and the Canadian Pacific Railway under public ownership.

He made these proposals in the Nova Scotia coal-mining town of Springhill while Prime Minister St. Laurent and George Drew, Progressive Conservative leader, kept their Maritime campaign speeches rolling on the issue of governmental policies.

The three national party leaders are nearing the end of their campaign runs along the eastern seaboard.

Mr. Drew, at Fredericton, posed the question of "whether Canada can be governed by one government or whether we are to have government close to the people as one of the election issues."

Many Feign Sickness To Get Travel Dollars

OTTAWA, May 19.—(UPI)—Thousands of Canadians masquerading as sick—try to wrangle a lot more than \$150 yearly the foreign-exchange control allows for travel in the United States. Usually they don't succeed.

Officials of the board said today in an interview that the task of sorting the sick from the well "is a difficult, thankless job." The board has received 80 and 100 applications are received daily for health travel in the United States.

The board rejected 1,121 applications in the six months ended last March, sometimes considering accusations of "interfering with personal liberty." The board granted a saving of \$1,500 in hard-to-get American dollars.

At the same time, the board granted 5,225 applications for health travel, allowing the ill to take \$50,000 out of the country.

Covering all phases of American travel—business, health, and other reasons—the board issued permits for about \$500,000 during 1948.

Changes Made In Traffic Law

City traffic officials have been revealing lately in the reduced number of accident reports necessary as the result of a recent amendment to the Vehicles and Highway Traffic Act.

Only accidents which involve \$75 or more in damages are now required to be reported to police officials, according to Sgt. Peter Woodward, head of the Edmonton police traffic squad.

"However," he added, "any accident, regardless of the amount of damage, must be reported if anyone is injured."

Previously, only accidents involving cars which had less than \$25 damage did not have to be reported.

2 Fur Shows Planned Here For Late Fall

Alberta's finest fur-producing animals and fur pelts will be displayed in Edmonton this year at two shows sponsored by Alberta Fur Breeders' Association.

Plans for the show were made at the annual meeting of the Association at Masonic Temple here Tuesday.

Live fox and mink show will be held at Edmonton stock pavilion Nov. 20 to Dec. 1.

Fashion show and pet show will be held here at the end of the year.

Animals will also be displayed at the Edmonton Exhibition.

BREEDING STOCKS DOWN
Reduction in fox breeding stocks on Alberta fur farms was reported by D. R. Fraser, producers polled 1,750 animals last fall and carried over 2,182 breeders, as compared with 1,417 breeders the previous year. More than 150,000 mink pelts were taken, and 50,025 standard animals were retained at breeding stock.

Sharp decline in fur prices was blamed for the heavy reduction in number of licensed fur farms in the province. Last year 1,449 farms were in operation. This year the number was reduced to 400.

VACCINE SUCCESSFUL
Vaccine proved effective where it was used on the 10 fur farms on which distemper outbreaks were reported, the meeting was told.

R. J. Montgomery was elected president of the association. Other officers elected include L. R. Gorman, Edmonton; Louis O'Brien, Edmonton; A. G. Walker, Edmonton; S. O. Tremblay, Calgary; H. S. Jenkins, Alderley; and Lindsay French, Calgary.

C of C Urges Road Rules
Elimination of left hand turns by automobiles at 100 street and at 102 street and Jasper avenue is being studied by the traffic committee of the Edmonton Chamber of Commerce.

Committee members will discuss the move with city commissioners and also the question of lengthening the double traffic line on 100 street south of Jasper avenue to the top of McDougall Hill.

Committee will urge erection of signs at the 100 street intersection prohibiting passing of automobiles in the subway.

Special meeting will be called by the tourist committee to discuss an educational campaign on traffic safety habits and traffic regulations.

Representatives of the Edmonton Safety Council, city commissioners, officials of the police department and members of the press and radio will be invited to attend this meeting.

Power Lines Hit By Wind
Yesterday's strong winds took slight toll of telephone poles in various parts of the city, officials of the electric light department said. No serious disruption of power and light service resulted as work gangs quickly repaired the storm damage.

Construction Up 900 Per Cent Building Booms As Farms Show Production Decreases

Alberta's building boom is already nine times greater than it was during the same period in 1948.

Last year, during the same period, contracts for buildings worth \$230,460 went into effect.

PERMITS UP 9 PER CENT
In Alberta's cities of Edmonton, Calgary, Lethbridge and Medicine Hat, building permits increased by 9 per cent in January and February as compared with the same months in 1948. Dr. Robinson said.

Sale of cement and time products which were in short supply until recently gave further evidence of the building boom.

Cement sales tonnage increased by 30 per cent, and sales of lime products were up 42 per cent. Slight increase in sale of forestry products was noted.

Meanwhile, less activity was reported from Alberta farms.

BUTTER PRODUCTION DOWN
Butter production dropped three per cent in number of pounds during the first two months of this year, compared with the same months in 1948.

Number of horses exported dropped 87 per cent in January and February this year, compared to the same months in 1948.

CATTLE EXPORTS DOWN
Cattle exports were down 15 per cent in number and four per cent in value, hog exports were 28 per cent less in number and 25 per cent less in value. Sheep and lamb exports decreased by 75 per cent in number and 69 per cent in value.

WATERSKIN ON CASE
Sicilian jury holding an inquest at Wetaskiwin yesterday on CPR employee, engineer Harry Williams, 55, of 9148 82 avenue, firm Regis said A. Upper, 10314 82 avenue and trademark W. A. Maxwell, of Wilkie, Sask., returned an open verdict.

There was, they said, insufficient evidence to determine the cause of the fatal wreck.

DIED OF BURNS
In accordance with medical evidence they found that Williams and Upper died of third degree burns and suffocation and Maxwell some hours after the wreck from third degree burns and shock.

Thomas C. Murphy, of Saskatoon, was on the verge of breaking down as he stood in the witness stand trying to recall all he remembered of the wreck.

The CPR express messenger did not remember the actual crash, but he knew they had been running late out of Leduc and Wetaskiwin.

Giving his evidence, Murphy spoke without trace of an impediment in his speech. Prior to the accident he had stuttered all his life.

Harold Chapman, conductor on the train said it was 20 minutes late out of Leduc and Wetaskiwin. He said in reply to Dr. M. N. Camor, the provincial coroner, that he thought the train took about six or seven minutes to cover the four miles between Wetaskiwin and the scene of the wreck.

GOOD SHAPE
Two train experts, John Hollaway, division master mechanic, and D. H. Dunphy, acting divisional engineer, said the track was in good condition.

Mr. Hollaway said the speed on the section of the track where the derailment occurred was set at 15 m.p.h. Mr. Dunphy suggested that 20 to 25 m.p.h. was the maximum speed the track could be traversed with any degree of safety.

Two mail clerks, Albert Skene and Edgar Dine, of Saskatoon, described how they sensed something wrong and grabbed the safety bar in their baggage car. They told of how they escaped from their steam-filled compartment after jangling clear of the floor before the engine turned over.

R. H. Mitchell, CPR legal department, Calgary, represented the train company, and F. J. Mawson, K.C., the Brotherhood of Railway Trainmen.

SHOW OPENS

Trick Horse, Steer Steal Limelight

A halibut steer and a trick playing horse captured the limelight at the opening night of the annual spring show sponsored by Edmonton Exhibition Association.

They were Playboy and Trigger, exhibited by Harold Girvin, Belton, an added feature to the show that drew prolonged applause from the audience.

Trigger went through a series of stunts at the direction of his owner and clinaxed his performance by pushing his owner all over the show ring.

This horse is said to be the best trained animal ever shown in the arena.

Playboy, a 900-pound steer, also put on a tremendous act, by stomping and saluting the audience, causing the arena on his knees and took the audience by storm with his sleeping act.

The performance of both animals must be seen to be believed, and the performances are well worth price of admission.

\$10,000 Damage Claim Filed by Motorcyclecyclist

A callidower car may be the trade mark of a pugilist, but to Cecil Compton, Edmonton motorcycle mechanic, it is a disfigurement for which he is seeking \$10,000 damages.

This morning, through his lawyer, H. E. Stanton, Compton filed a \$10,000 claim in supreme court seeking \$10,137.16 general and special damages for his damaged car, and injuries received in a motorcycle - automobile collision May 23, 1948.

The accident occurred at the intersection of 109 Street and 85 Avenue.

Defendant in the action is Robert J. Shaw, Edmonton, owner and driver of the automobile in collision with Compton's motorcycle.

Besides the damaged car Compton suffered injuries to his right shoulder, multiple cuts, bruises and abrasions and shock.

DISTRICT NEWS IN BRIEF

Lacombe Students Hold Color Night

LACOMBE, May 19.—Lacombe high school celebrated "color night" with a banquet and program in the church hall Friday night. The hall, beautifully decorated with colorful streamers and white blossoms, was filled to capacity with the happy students, their parents and teachers.

The program opened with "Canada" and a toast to the King, proposed by the chairman, Al Collins, president of the Students Union. The school song was sung to church.

MAJOR PROPOSES TOAST

Toast to the graduates was given by Mayor T. Wilkes in his usual pleasing style with congratulations and sound advice for their new life away from high school. Helen Hall replied very suitably. Eileen Subriand and Trevor Hopkins gave much pleasure with their duet.

The speaker of the evening was H. R. Ross, superintendent of Ponoka School Division. He commented on the value of athletics in the school program and warned that to be a good athlete was not sufficient, but must be combined with abundant proficiency. He said that scholastic attainment is the main objective of the school.

AWARDS GIVEN

The presentation of awards followed. Edith Biles of the school staff presented the Students' Union awards to A. J. Collins, president; Barbara McDonald, vice-president; Robert Wright, secretary-treasurer; Velma Kuks, social convener; Lorna Park, first athlete; Jack Brooks, best athlete; and to room representatives, Betty Paulsen, Jeanne Poustney, Jean McDougall, Ivy Sowerby, Bill Crankshaw, Colin Ross, and Sharon Ross, for their splendid work in School Union activities, during the year.

He also presented a special award to Principal A. R. Patrick, advisor, for his excellent participation in the success of the Union.

OUTSTANDING ATHLETES

The athletic awards were presented by Jack Allen, teacher in charge of athletics, to Lorna Park as the outstanding female athlete, and to Jack Brooks as the outstanding male athlete.

Jim West, past district governor of the Lions Club presented the Lacombe Lions Club awards to the outstanding female student, Barbara McDonald, and the outstanding male student, Ron Kaala. These awards to Grade XII students are based on scholastic record.

"I like Swift's Cleanser because it cleans fast"

Mrs. W. A. Roberts, 2084 E. 9th St., Vancouver, B.C.

"It cuts grease quickly—doesn't leave grit—doesn't scour or scratch."

You know how five-year-olds are. I find myself continually cleaning up after Brian, but Swift's Cleanser makes my work easier. Believe me, Swift's Cleanser really cleans fast. Dirty finger marks and scuff marks come off with a quick wipe. Swift's Cleanser is so safe, too. It never scratches or scours my good porcelain surfaces.

Billy is seven, and he and Brian both get dirty. But you can imagine what our bathroom looks like when they get finished. That's another reason I like Swift's cleanser. It's almost like magic the way it gets the ring out of the tub and basin. You don't have to scrub or scour as all. It doesn't leave any grit. I think Swift's Cleanser is grand.

Pick the Polka Dot Package—Choice of 3 Colors

Double your money back guaranteed! Thousands of Canadian women say that Swift's Cleanser is FASTER and SMOOTHER than any cleanser they have ever used. Try Swift's Cleanser yourself. If you don't agree just mail the label to Swift Canadian Co. Limited, Toronto 3, along with your reason for not getting Swift's and we'll pay you DOUBLE THE PURCHASE PRICE.

Perfumes Vary As Costumes Change

By Bea Thrifty

Wails of discerning females can be heard loud and long when the question of appropriate perfumes comes into the conversation.

They maintain you wouldn't wear a diamond bracelet with denim overalls (or with anything at all if you don't have one)... nor would slippers with a tulle frill. So why, oh why would you wear a highly sophisticated fragrance with casual clothes?

Many of us decided on a favorite scent and cling to it through daytime and evening activities. This, say the fashion moguls just with the way to play the game.

Have variety of scent as you have variety of costume.

You need a fresh, crisp scent for the daytime and a more sophisticated, more subtle, sophisticated perfume for the evening.

New perfumes, some of them, are being introduced in the city. Some are of the "feminine" type, and others are of the "masculine" type.

It comes in a choice of leather-proof, all-purpose sprays that are easy to use and come in a leather-proof spray for \$2.

But enough of this. We must go on with the business of the day. The first of the new sprays is by the famous "Flower" brand. It is a very good one.

As a matter of fact, the distribution of these sprays is the key to the whole situation. It is the key to the whole situation.

Any woman who wears a perfume should know what she is wearing. It is not enough to say "I like it." It is not enough to say "I like it."

A sturdy, convenient utility table which can be bought for \$4.95 would be the ideal thing. Set on wheels, the table can be used for making, preparing, serving, eating, drinking, or serving beverages and snacks.

And the whole... it comes in a variety of colors. It is a very good one.

"Never" is a very good one. It is a very good one. It is a very good one.

Two small, handsome cases for your makeup. They are very good. They are very good.

One of the most beautiful... it is a very good one. It is a very good one.

Small, lean, quick... it is a very good one. It is a very good one.

One of the most beautiful... it is a very good one. It is a very good one.

One of the most beautiful... it is a very good one. It is a very good one.

One of the most beautiful... it is a very good one. It is a very good one.

One of the most beautiful... it is a very good one. It is a very good one.

One of the most beautiful... it is a very good one. It is a very good one.

One of the most beautiful... it is a very good one. It is a very good one.

One of the most beautiful... it is a very good one. It is a very good one.

One of the most beautiful... it is a very good one. It is a very good one.

You may find that life sometimes can be extremely cruel, especially when your Nine-day Diet asks you to pass up those luscious, colorful pastries and choose 'treat' fruit instead. The reward is worth it, girls.

WHY GROW OLD

Eat Fresh Fruit For Better Health

By Josephine Lowman

If you would like to lose ten pounds in nine days you will have to forget those luscious Boston cream pies, Indian puddings, deep apple pies, or any other kind of pie or chocolate. The nine-day diet asks you to pass up those luscious, colorful pastries and choose 'treat' fruit instead. The reward is worth it, girls.

YOUR BABY AND MINE

Orphan Believes She Is Treated Unfairly

By Myrtle Meyer Eldred

The following is one of those letters which might have any name or address, seems to be in need of help.

"I am an orphan," she writes. "and for the past eight years I and my 16-year-old sister have been with a woman and her sister. They are both maiden ladies, and my guardian is very strict with us."

"We must be polite and mannerly at all times. We have household chores such as cleaning our rooms, making our beds, washing most of our clothes and so forth."

"We have to be at home at nine o'clock every night except on movie nights and other special dates when we can stay out until 11:30."

"If either my sister or I breaks one of these rules we are whipped soundly by our guardian with the other sister as a witness."

"Last Friday my sister took a dime from the guardian's dresser and she beat my sister with a strap until her buttocks were blistered. Then she made her write one hundred times that she had stolen money."

"There is never a week but that one of the other of us does something that she thinks deserves punishment. We told the investigator but she just laughed and said that a whipping now and then did no one any harm. Will you offer us some advice in your column?"

You are not being asked to do anything that any child in its own home would not be expected to do.

—Photo by Mousie Studios. Donna Gail, seven months old, daughter of Mr. and Mrs. J. R. Currey of 7615 110 street.

You have reached an age when you must have domination and neither of you, obviously, has any love or respect for this guardian. She is sadistic in her behavior but pre-

sumably she feels that she wants to rear you to be good and decent women and that her behavior is justified.

Your letter! No. 74 "Desirable Punishments" may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

Airlift for Culture Planned by Girls

MONTREAL, May 19.—(CP)—"Airlift for youth" would be an apt slogan for the latest venture of Montrealeers Audrey Cook and Katherine Gallery.

They have chartered an airplane to fly direct from Montreal to Edinburgh for the International Festival of Music and Drama Between now and take-off time Aug. 18 they hope to find 38 other music-lovers to go along.

Both are keenly interested in music and have a considerable background of concert experience. Audrey is a pianist and Katherine is a violinist.

Loree Shearer Wed At College Chapel

Blooming Lilacs Bank Altar Of Collage Chapel For Pretty Wedding

Fragrant lilacs banked the altar of St. Stephen's College Chapel for the wedding yesterday evening of Gwyneth Loree Shearer and John Franklin.

The bride is the daughter of Mr. and Mrs. L. A. Shearer of Fairview, and the bridegroom is the son of Mr. and Mrs. Fred Burton, of the late Mr. Burton of Edmonton.

Rev. K. H. Hirdsall performed the ceremony.

Given in marriage by her father, the bride wore a British tan dressmaker suit and a matching straw hat with flower trim. Cymbrilian orchids comprised her corsage.

Attending the bride, Miss Ellen Simonsen chose a pastel green dressmaker suit with a corsage of blue and white flowers. Her hat was of natural Milan straw, and her accessories were lavender.

Douglas Shearer, brother of the bride, was best man, and the guests were ushered by Gordon Burton.

Wedding music was played by Miss Marjorie Collier, and during the signing of the register, Miss Alexandra Pyper sang "Through the Years."

Reception was held following the ceremony at the home of Mr. and Mrs. R. G. Brewer, where the mother of the bride and the mother of the bridegroom assisted in receiving the guests.

For her daughter's wedding, Mrs. Shearer chose a dark blue dress with grey accessories and a corsage of American heavy roses. Mrs. Burton wore a navy blue dress with pastel blue accessories, and red roses in corsage.

White lilacs were used throughout the ceremony.

UNCONSCIOUS now more than a year, 5-year-old Larry Dean Wilson, Elkhart, Ind., may live on and never awaken, physicians say. His plight results from a brain injury received in an automobile accident on April 27, 1948. He's watched over by his mother, Mrs. Donald Wilson (left) and Nurse Virginia Hursey.

Labor Cracks Down On Communist Liners

LONDON, May 19.—(CP)—The Labor party today banned all fellow-travelling with Communists. Rule applies to more than 5,000,000 party members as well as party officials and members of parliament.

It was published today in the executive committee's annual report, issued immediately after yesterday's action in expelling two members of parliament from the party for their sympathy with the Communists on foreign policy.

BLACKLIST ISSUED

The committee, which includes Prime Minister Attlee and the deputy prime minister, Herbert Morrison, blacklisted 14 organizations and individuals.

Members of the party and affiliated organizations are expected not to co-operate with proscribed organizations or to be associated with Communist-inspired movements or conferences.

The list included the British Soviet Society, British Communist Party, World Federation of Democratic Youth, and Women's International Democratic Federation.

WITCH HUNT CHARGED

Members of the organizations are banned from Labor party membership. The committee said that 14 of the 14 or have been substituted in the Communist party.

The committee said that the ban was a "witch hunt."

In another move to tighten party discipline ahead of next year's general election the executive committee disclosed it has barred political promises that stray from government policy or the party's election platform.

Farmer Escapes Grim Death As Tractor Overturns

SASKATOON, May 19.—(CP)—Walter Pfeiffer, 59-year-old, a station district farmer, was saved by a dramatic death by suffocation last night by a group of people who managed to relieve him of the weight of a tractor under which he was pinned.

Pfeiffer was pinned underneath the tractor machine when it overturned in a ditch last night near Saskatoon. His recovery kept "the machine up" for several breath every few seconds. The tractor finally was lifted off him by a truck which.

Pfeiffer was taken to hospital suffering injuries to his leg and hip.

To Convention

Four members of Edmonton's Chamber of Commerce will attend the annual meeting of the Alberta Board of Trade and Agriculture to be held in Red Deer June 12-13. They are A. L. Burrows, president; G. C. McDevitt, F. G. Wapner and Don Mackay, executive secretary.

Ministry of Women In C of E Debated

LONDON, May 19.—(CP)—The bishops of the archdiocese of Canterbury are arguing over whether a woman's place is in the pulpit.

The convocation of Canterbury opened yesterday with reports on church reunion in Britain and on the ministry of laywomen.

The convocation's two major was the report by the Rev. Geoffrey Fisher, Archbishop of Canterbury, maintained there is nothing to prevent equal-qualified women from leading prayers—though not to officiate at communion. But he ran into opposition.

Mr. Fitzgerald Simpson, bishop of Southwark, said the committee

SISTER, TOO

102-Year-Old 3-War Vet To Be Evicted

LOS ANGELES, May 19.—(CP)—A 102-year-old woman, 100-year-old campaigner whose military career includes service in the Civil War, the Indian Wars and the Spanish-American War, today said she wishes to vacate the small apartment she shares with a son.

Repeated attempts to find a small house or apartment on the ground floor so Major would not have a staircase to climb have been unsuccessful, his sister, Miss Isabelle Major, said.

A retired major sergeant, Major existed in the 10th Ohio Volunteer Cavalry in 1863 and took part in Sherman's march through Georgia. He retired from the service following the Spanish-American War.

36 Ocean-Going Ships Moving DPs

Refugee Organization Has Biggest Mass Civilian Fleet

GENEVA, May 19.—(UPI)—The International Refugee Organization now operates the largest mass civilian transport fleet in the world, consisting of 36 ocean-going passenger ships.

One IRO ship carrying displaced persons to overseas countries to resettle leaves a European port every day. The agency spends \$183,000 daily on their transport.

Up to the end of March, the agency had transported in 21 months of operations approximately 120,000 refugees to new homes overseas. During the next 18 months its plans call for sending 253,346 additional displaced persons on its ships bound for the United States, Australia, Canada, Brazil and many other countries.

At present, 20 United States Army transport ships are operated by private companies fly the IRO flag, a life preserver on a dark blue field.

LANGUAGE TAUGHT

All IRO ships carry escort officers to care for the refugees. Deaf of these officers include organizing work details among the displaced persons given by those refugees familiar with the language; teachers.

Movies, cantens selling cigarettes and candy, and deck games are also available to those of any tourist ship.

Refugees take everything they need and baggage sometimes creates problems. Farmers have shipped ploughs. One Vancouver farmer took along a flock of pigeons, which created quarantine difficulties with the Argentine customs. When another trouper wanted to take his traveling dog, the management had to be made to transfer him to other than an army ship, which prohibits transport of animals.

SOME GO BY AIR

IRO often moves expatriate infants and invalids by air since regulations prevent their being transported by ship.

In the past year, 8,587 persons have been flown to their new homes. In 1948, 4,242 Venezuelans, 3,625 to Canada, and the remainder to the United States, Brazil, Peru and other countries.

IRO's latest mass-scale shipping schedule was a problem of emergency removal from Shanghai of some 6,000 White Russian refugees threatened by the advancing Communist armies. The Philippine government offered them a temporary haven on the island of Samar.

A senior official of IRO's shipping division flew to the Far East and arranged to charter two ships and several airplanes. In three and a half months, 3,000 persons were moved to Samar by sea and 1,200 others went by air.

Cotterell Dies At Vancouver

VANCOUVER, May 19.—(CP)—Edward Darlington Cotterell, 68, retired vice-president of the Canadian Pacific Railway eastern line, died suddenly Tuesday in the Vancouver club.

Mr. Cotterell joined the company in Montreal at a telephone messenger at the age of 16. He worked as a telegrapher throughout Canada and the United States, retiring to the New York Central railway and back again.

In 1923 he returned to the CPRI as general superintendent of the Manitoba division, headed divisions in Saskatchewan and Alberta and went back to Toronto as assistant vice-president to H. J. Humphrey.

In 1941 he became vice-president of eastern lines.

He moved to the coast on his retirement in 1947.

Labor Holds 391 Commons Seats

LONDON, May 19.—(CP)—Party standing in the House of Commons following the expulsion from the party yesterday of Kinnaird Zillman, member for Gateshead, and Leslie Sulley, member for Throckmorton.

Labor 391; Conservative 202; National Liberal 13; Liberal 11; Independent National 2; National 2; Communist 2; Independent Conservative 2.

There are 640 seats in the House of Commons, none is vacant.

PORKER EARLY ON THE MARKET

SCOTTSDALE, Neb., May 19.—(UPI)—This little pig went to market a few weeks early. The porker was hit by a car. Police called a butcher who slaughtered the pig and put the meat in a locker, where it was claimed by the owner. The butcher collected a \$5 fee for his services.

Life Insurance Companies Boost Health Funds

SENIORITY CLUB QUE, May 19.—(CP)—Canadian life insurance companies will increase their financial support of public health and medical research and only in Canada in 1949-50. It was decided today at the annual meeting of the Canadian Life Insurance Officers Association.

Additional funds will be provided for medical research projects at university medical schools to maintain the health of the nation. Where present financial resources are not adequate to support outstanding research workers.

VFD Chiefs Win Praise For Work

Two volunteer fire chiefs and their volunteer crews have won praise from Alberta Fire Commissioner E. H. Hughes.

Commissioner Hughes said that the recent fire at the Commercial Hotel, Edmonton, was put out by the Central Block, Red Deer. Commissioner Hughes said the skill and dedication shown by these men would have been credit to any full-time fire department.

Their action, he said, was rapid and efficient, reducing damage by a considerable percentage.

Peanut Now Supplements World's Food

WASHINGTON, May 19.—(UPI)—The peanut has come up in the world since it crossed from Africa to North America in the holds of slave ships, a cheap and compact food supply for their human cargoes.

BOOSTS FATS, OILS

Today, the peanut is supplementing the limited fats and oils supply of a food-short world. Besides the familiar salad and roasted nut, peanut butter and candy, the versatile vegetable also provides cooking oil and salad oil and soap fat.

The total world peanut output in 1948 was 11,000,000 tons, mostly grown in India, China and the United States, all of which increased their peanut acreages tremendously during the war according to the National Geographic Society. Brazil and the British and French Atlantic colonies also are stepping up production of the oil-rich nut for their home consumption and export.

BECOMES TEXTILE

In the chemical laboratory, peanut protein has been transformed by modern magic into a wool-like textile. Its shells provide a fertilizer, a cork substitute, a fire extinguishing substance and fuel. The plant tops are valuable cattle feed.

"Hundreds of other uses from milk and bread to ink and glue," he noted, said, have been found for the once-humble peanut.

Sizes Run Small

RUFTLAND, VI.—May 19.—(CP)—Anthony Puli, who weighed three pounds at birth, became the father of a son weighing 2 pounds 10 ounces.

IT'S DOG'S LIFE EVEN FOR DOGS

SPOKANE, Wash., May 19.—(UPI)—The housing shortage is pinching Spokane's canine population. Nearly 50 dogs hounded at the humane society kennels have been served eviction notices because there isn't enough room for strays as long as boarders are kept.

Suicide Verdict Returned At Hudson Bay

HUDSON BAY, Sask., May 19.—(CP)—Metro Machula, northern Saskatchewan trapper and farmer, sought for questioning in the bludgeoning death of his bride of two months, committed suicide by hanging a corner's jury decided today.

The jury verdict said Machula died by strangulation April 14. He was found hanging from a spruce tree in a swamp on the edge of the village 300 miles northwest of Regina.

Two weeks earlier his bride, a displaced Pole, was found bludgeoned to death in the Machula home at Smoking Tent, 27 miles east of here.

The jury later brought in a verdict that Machula was bludgeoned to death by a rifle in the hands of her husband.

Valleys Linked

CRANBROOK, B.C., May 19.—(CP)—A bus service between the Columbia and Kootenay valleys, linking Golden, B.C., and Cranbrook, has been started. The service is daily except Sunday over the Kamloops route.

Truman's Bold New Plan Held Best Hope for Peace

By George Ronald

WASHINGTON, May 19.—(CP)—President Truman's "bold new program" for development of the world's backward areas is still in the blueprint stage. But interest in his inaugural address last Jan. 20.

Norris E. Dodd, chief of the Food and Agriculture Administration, said this week the president's plan offers more encouragement for world peace than does any other proposal. Possibly, it can be more effective even than the Marshall Plan, Dodd said.

PROGRESS PROGRAM
Truman's (des is known as "bold new program" for making the benefits of our scientific ad-

They said also that the United States will contribute about half that amount and "wealthier" countries such as Canada, Britain and France will be asked to contribute to the cost of the program. Although no definite breakdown has been made, these three countries might pay about \$15,000,000 of the \$25,000,000 total, it was estimated. This would make the Dominion's contribution perhaps about \$10,000,000.

Religious, Latin Education Urged

REGINA, May 19.—(CP)—Religious education in all Saskatchewan schools and a return to compulsory teaching of Latin was recommended by an education conference sponsored by the Saskatchewan Teachers' Federation, it was announced today.

DOG DERBIES ADVISED FOR ROSY CHEEKS

WYLAND, Mass., May 19.—(U)—Mrs. Louise Lombard, only woman entrant and fifth-place winner in 1948 Ottawa dog derby, says the 90-mile race in near-zero weather did more for her complexion than a trip to the beauty parlor.

"It's wonderful," said the attractive mother of a five-year-old son and wife of a Wayland veterinarian who finished third in the derby. "The icy nip puts color in your cheeks that no drug store can match and the zest which comes from riding over the trails keeps up and makes you feel like a new person."

Moscow's Passenger Car Demand Heavy

By Tom Whitely

MOSCOW, May 19.—(AP)—There is a heavy demand for passenger cars in Moscow.

Any Russian trying to buy a Pobeda sedan can give vivid testimony on this point. The Moscow automobile store has a line of buyers seeking a Pobeda daily.

EFFICIENT CAR

The Pobeda is a four-passenger, four-door sedan, manufactured at the Gorky automobile factory. It has an efficient four-cylinder motor. It is a handsome post-war design. Its size and weight it is somewhat smaller than the current models of north American cars.

The Moskvitch is a four-passenger, four-door sedan, manufactured at the Moscow small-car factory. It is small, somewhat larger than the Crosley with a four-cylinder motor. It costs less than the larger Pobeda.

The purchase of a Moskvitch, despite the fact it costs less, is simple. There is no line and no waiting. It is usually cash over the counter and "drive her home."

IT'S CATCHING

Catching here is a catching thing these days. Recent provisions of the Moscow municipal government require apartment house managements to provide garage space for privately-owned cars, and set aside service and repair facilities for private car owners only. This lessens the problems of private car owners, encouraging ownership.
